Details

Advanced B Complex ULTRA is AOR's best B complex yet. It is based on Advanced B Complex, our award-winning favourite, but with enhanced absorption using time-release technology and additional benefits for heart health, brain health, and sustained energy. Advanced B Complex ULTRA is a perfect supplement for anyone looking to get the benefits of B vitamins to maintain healthy cellular processes such as energy production and detoxification. It also has the additional benefits of supporting brain and heart health.

Label Info

Discussion

Advanced B Complex ULTRA provides the best forms of B vitamins in a time release formula, for optimal results. These nutrients help metabolize carbohydrates, proteins and fats for energy and support tissue and red blood cell formation.
